ABOUT YOUR PHOTOGRAPHER

Hello & Welcome

As a Tampa-based photographer of 6+ years, weddings are my latest venture, and also where I feel most creative.

On your day, I blend in naturally while confidently guiding when needed. I'll keep us aligned with the timeline, communicate clearly, and make sure nothing feels rushed or forced. When it's time to step in and direct, I do. When it's time to step back and let the moment unfold, I do that too.

To me, your wedding isn't a shot list. It's a covenant, a celebration, and a day you've carefully planned for months. Every wedding looks different, and that's exactly how it should be. My role is to document it honestly, beautifully, and without taking you out of it.

FAQ

CAN I CUSTOMIZE A PACKAGE?

Of course! Any package can be customized & adjusted to fit your needs. I'm here to help you make it work.

HOW DO I KNOW IF I NEED A SECOND PHOTOGRAPHER?

Once I hear more about your day, I can make a recommendation based on what is attainable with 1 vs 2 photographers! The Signature Package already includes a second photographer!

DO YOU DELIVER THE RAW IMAGE FILES?

No, I like to curate galleries to tell a story, and edit each photo by hand (no presets), so editing is a big part of my creative process.
